Announcements by Mayor and Council: Stated that he has heard great reviews of happiness that the roads are getting fixed on the East side of Cache. Council mentioned that they need to pass on to citizens that the trash cans needs to be on the road up next to the curb so the trash trucks will not break down the roads again especially the curbs by running over them. We had to replace over 500 feet of curb because of this.

Citizens Participation: Mr. Leon Putney in Rock Creek address council that he was wanting to burn the large trees and limbs that was out in his area. Could not haul them off because they are just too big. Mayor stated that the city had a no burn ordinance and asked if he could get them in a location that we could pick them up and he said no, due to health reason. Council decided after discussing this further that they would allow the residence in the flood area on Rock Creek and Sandy Lane to be able to burn the trees that had fallen. This will be extended temporarily until the May 9th council meeting and then will be discussed again.
